**STATEMENT OF PROCEDURES
ADOPTED BY THE OXFORD TELEPHONE & TELEGRAPH
COMPANIES – OXFORD TELEPHONE COMPANY, OXFORD
WEST TELEPHONE COMPANY, OXFORD NETWORKS AND
OXFORD LONG DISTANCE COMPANY
TO ENSURE COMPLIANCE WITH THE RULES AND
REGULATIONS OF THE FEDERAL COMMUNICATIONS
COMMISSION REGARDING THE PROTECTION OF CUSTOMER
PROPRIETARY NETWORK INFORMATION ("CPNI")**

Prefatory Statement: Our Company has elected not to utilize or provide CPNI for any purpose other than those purposes that are permissible without customer approval in accordance with Section 64.2005 of the FCC's Rules and Regulations. We provide our customers notification of their rights with respect to their CPNI and we have adopted the procedures set forth below to ensure our familiarity and compliance with the applicable rules in the event that we subsequently elect to utilize or provide CPNI for any purpose that requires customer approval.

CPNI Use

- (1) We recognize that we may use, disclose or permit access to CPNI to protect our rights and property, our Customers, and other carriers from fraudulent, abusive or unlawful use of, or subscription to, our services.
- (2) We understand that we may use, disclose or permit access to CPNI to provide or market service offerings among the categories of service to which the Customer already subscribes. When we provide different categories of service, and a Customer subscribes to more than one service category, we understand that we may share the Customer's CPNI with the affiliate that provides service to the Customer; but if a Customer subscribes to only one service category, we may not share the customer's CPNI with an affiliate without the Customer's approval.
- (3) We understand that we may use, disclose or permit access to CPNI derived from our provision of local exchange or interexchange service for the provision of CPE and call answering, voice mail or messaging, voice storage and retrieval services, fax store-and-forward, and protocol conversion, without Customer approval,
- (4) In the absence of Customer approval, we do not use, disclose or permit access to CPNI to provide or market service offerings within a category of service to which the Customer does not already subscribe, except that we understand that we may use, disclose or permit access to CPNI to: (a) provide inside wiring installation, maintenance and repair services; and (b) market, when we provide local service, services formerly known as adjunct-to-basic services such as, but not limited to, speed dialing,

- (3) In the event that we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, we will advise the Customer of the precise steps the Customer must take in order to grant or deny access to CPNI, and we will clearly state that a denial of approval will not affect the provision of any services to which the Customer subscribes. We understand that in any such notification we may also provide a brief statement, in clear and neutral language, that describes the consequences directly resulting from the lack of access to CPNI. In addition, we understand that we may state that the Customer's consent to use his or her CPNI may enhance our ability to offer products and services tailored to meet the Customer's needs and that we will disclose the Customer's CPNI to any person upon the affirmative written request of the Customer.
- (4) In the event that we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, our notifications will be comprehensible and not misleading and, if written, will be legible, sufficiently in large type, and placed in an area readily apparent to the Customer. And, if any portion of any such notification is in another language, all portions of the notification will be in that language.
- (5) We will not include in any such notification any statement that attempts to encourage a Customer to freeze third-party access to CPNI.
- (6) For "opt-out" approvals, we understand that our notifications will satisfy items (1) – (5) above. We will not use oral notifications except in the event that a need arises to obtain limited, one-time use of CPNI for inbound and outbound customer telephone contacts for the duration of the call, regardless of whether we use "opt-out" or "opt-in" approval based on the nature of the contact. When we use oral notice in this manner, we will comply with items (1) – (5) above, except that, if none of the following situations are relevant to the limited use for which we seek CPNI, we will not: (a) advise Customers, if they have opted out previously, that no action is needed to maintain the "opt-out" election; (b) advise Customers that we may share CPNI with our named or unnamed affiliates or third parties if the limited CPNI usage does not result in use by, or disclosure to, an affiliate or third party; (c) disclose the means by which a Customer can deny or withdraw future access to CPNI, so long as we explain that the scope of the approval is limited to one-time use; and (d) disclose the precise steps a Customer must take to grant or deny access to CPNI, so long as we clearly communicate that the Customer can deny access to his or her CPNI for the call.
- (7) In addition, for "opt-out" approvals, we understand that we must wait at least 30 days after giving Customers notice and an opportunity to opt-out before assuming Customer approval to use, disclose, or permit access to CPNI and notify Customers of the applicable waiting period for a response before approval is assumed. In the event that we utilize the opt-out mechanism, we will provide notices to customers every two years.

- (8) For electronic notifications, we recognize that the waiting period begins to run on the date the notification is sent and, for mail notifications, it begins to run on the third day following the date the notification was mailed. In the event we utilize e-mail to provide opt-out notices, in addition to other requirements, we will: (a) obtain express, verifiable, prior approval to sending notices by e-mail regarding a Customer's service in general or their CPNI in particular; (b) allow Customers to reply directly to e-mails in order to opt-out; (c) use another means of communicating the notice if the e-mail is returned as undeliverable before considering the Customer to have received notice; and (d) ensure that the subject line in the e-mail clearly and accurately identifies the subject matter of the e-mail.
- (9) In the event that we use "opt-out" approvals, we will also make available to every customer a method to opt-out that is of no additional cost to the Customer and is available 24 hours a day, seven days a week. We may satisfy this requirement through a combination of methods, but we allow Customers to opt-out at no cost and whenever they choose.

CPNI Safeguard Procedures

- (1) As described in this section, we have implemented a system by which the status of a Customer's CPNI approval can be clearly established prior to the use of the CPNI.
- (2) We have trained our personnel as to when they are, and are not, authorized to use CPNI, and we have an express disciplinary process in place.
- (3) We will maintain a record of any instance of our own and our affiliates' sales and marketing campaigns that use Customers' CPNI. In the event that we utilize, disclose, or permit access to CPNI in accordance with a Customer's approval, we will maintain a record of all such instances where CPNI was disclosed or provided to third parties or where third parties were allowed access to CPNI. The record will include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign. We will retain these records for at least one year.
- (4) We have established a supervisory review process regarding compliance with the CPNI rules for outbound marketing situations and, in the event that we seek to utilize, disclose or permit access to CPNI for outbound marketing situations,, we will maintain compliance records for at least one year. Specifically, our sales personnel are required to obtain supervisory approval of any proposed outbound marketing request for customer approval of the use of CPNI.
- (5) A corporate officer who acts as agent for the Company will sign a compliance certificate on an annual basis stating that the officer has personal knowledge that the Company has established these operating procedures adequate to ensure compliance with applicable CPNI rules.

This Statement of procedures which sets forth our operating procedures and demonstrates compliance with the CPNI rules, will be maintained together with the compliance certificate.

- (6) *In the event that we seek to utilize, disclose or permit access to CPNI in an instance where Customer approval is required, and we utilize an opt-out mechanism, we will provide written notice within five business days to the FCC of any instance where the opt-out mechanisms do not work properly to such a degree that consumers' inability to opt-out is more than an anomaly. Any such notice will be provided in the form of a letter that will include our Company's name, a description of the opt-out mechanism(s) used, the problem(s) experienced, the remedy proposed and when it will be/was implemented, whether relevant state commission(s) were notified and what action was taken, a copy of any notice provided to customers, and contact information. We will submit any such notice even if other methods by which consumers may opt-out are offered.*

REVIEW AND REVISION OF PROCEDURES

We shall undertake the responsibility of reviewing these procedures on a continuing basis to ensure compliance with all Rules and Regulations regarding the utilization of CPNI. We shall revise these procedures on a timely basis to reflect any subsequent revisions to the applicable Rules and Regulations addressing CPNI.
